Projects

Ai Forge :- The AI SaaS platform successfully streamlined user interactions through its secure authentication and engaging chatbot features, leading to improved user retention and satisfaction. The combination of Next.js and Tailwind CSS ensured that the platform was both performant and visually appealing. **Project:- Link**

Portfolio :- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript to showcase my skills, projects, and experience as a web developer. The website features a clean, modern design with interactive elements that provide a seamless user experience. **Project:- Link**

Calculator :- Designed and developed a responsive Calculator using HTML, CSS, and JavaScript to showcase my skills, projects, and experience as a web developer. The calculator features a clean, modern design with interactive elements that provide a seamless user experience. **Project:- Link**
